## G3000

The Vieta G3000 turntable blends elegant design with advanced technology to deliver an exceptional vinyl listening experience. Its aluminum platter ensures stable and precise playback, while the Audio-Technica cartridge provides clear, detailed sound.

With a built-in phono preamp and internal power supply, it connects easily to a wide range of audio systems without the need for additional equipment. The semi-automatic start/stop system offers convenient operation while preserving the classic vinyl experience, and the speed selector allows you to adjust playback to different record formats.

For added versatility, Bluetooth 5.0 output lets you stream your vinyl music wirelessly to speakers or headphones with a stable, high-quality connection.

A transparent dust cover, felt mat to reduce vibrations, and included RCA cable complete the design, combining tradition and modern convenience in one stylish device.

Perfect for vinyl lovers who value both sound quality and ease of use.
