

VIETA PRO

Minithunder 2

The Mini Thunder 2 is equipped with the latest Bluetooth 5.3 technology, allowing you to connect wirelessly to a wide range of devices such as smartphones, tablets and laptops for fast and easy music playback.

This speaker features IPX6 water resistance, meaning it can withstand powerful water jets from any direction. This makes it ideal for outdoor use or humid environments like the beach or the pool.

With an impressive 100 W output, the Mini Thunder 2 delivers powerful and clear sound capable of filling any room or outdoor space. It also includes a built-in USB port, allowing you to play music directly from a USB flash drive. Thanks to TWS technology, you can pair two Mini Thunder 2 speakers for true stereo sound and double the audio power.

The integrated lighting system adds a modern and stylish look, with multiple lighting modes to choose from. Its high-capacity lithium battery provides up to 15 hours of continuous playback on a single charge.

You can also personalize and control your listening experience with the Vieta Pro Audio app, adjusting sound settings, firmware updates and more.
