

VIETA PRO

Easy 4

The Easy 4 portable speaker stands out for its powerful performance and versatile features. With Bluetooth 5.3, it offers a stable and high-quality wireless connection for streaming music from compatible devices. Its 25 W output delivers clear and dynamic sound despite its compact size.

Thanks to its IPX7 water resistance, the Easy 4 is perfect for outdoor use or humid environments. The integrated RGB LED lights add colorful lighting effects for a more immersive and fun experience. With up to 13 hours of battery life, you can enjoy continuous music all day long.

It also includes a USB player to play music directly from a USB drive, USB-C fast charging, and an Aux-In input for wired connections. In addition, it can be used as a power bank to charge other devices via USB. With true wireless stereo, you can pair two speakers for real stereo sound, and its dual connection feature allows you to stay connected to two devices at the same time, making it easy to switch between audio sources.
