USER'S MANUAL

**VIETA
PRO**

This product has been designed and developed under the professional standards of **VIETA PRO**, which was founded by the Brothers in 1954. Since then, Vieta has accumulated more than 60 years of history under the motto "The Avocation and Respect for Art of Music ", which has motivated all his projects, thus achieving a privileged and a privileged place in the electronics market based on constant effort and generous doses of passion.

The **VIETA PRO** models are based on the benefits of professional sound, where the standards of quality, durability, and sonority are above the commercial products of consumer electronics. Developed by the prestigious engineer "Jordi Hernández", with more than 40 years of experience in the electronics field and who has been designated as "expert hearing of vieta" since 2002. These models have been built with the most precise components for the purpose of being able to offer and develop the purity and uniqueness that characterizes the Vieta Pro sound.
