Thank you for purchasing the **Mute** earphones RVJ7000.
To ensure correct operation, please read this manual carefully before use.

USER MANUAL

This product has been developed under the **VIETA PRO** quality standards. For over 60 years, since its foundation in 1954 by the Vieta brothers, Vieta has always been guided by the motto "Love and respect for the art of music". It has thus achieved a privileged position in the electronics market, with constant effort and generous doses of passion.

The **VIETA PRO** models are based on professional sound standards, where quality, durability and sound are above those in commercial products of consumer electronics. They have been developed by the prestigious engineer "Jordi Hernandez", with more than 40 years in the sound industry. Under his expert direction, the **VIETA PRO** models are manufactured with the most precise components, producing the purest **VIETA PRO** sound.

Bluetooth earphones should be used with compatible devices which supports Bluetooth wireless technology. This will allow you to make calls and enjoy music freely at any time.

Make sure that your equipment has an updated Bluetooth 5.1 protocol to correct communication with new earphone technologies and to be able to be used.

Please read this user manual carefully before using the product as your smartphone's manual regarding the use and activation of the Bluetooth function.

Pay attention to the device safety and maintenance recommendations and for safety reasons, keep the product out of the reach of children. Keep it in a safe place for future reference.

Safety Information

- a. There are voltage zones inside this unit that can cause injuries. Please do not open the unit. In case of technical failure, please contact the authorized service center.
- b. Never place the unit in the rain or in moist zones so as to avoid a fire or an electric shock.
- c. If technical maintenance is required, please contact the authorized service center.

Caution

- a. Do not place the unit on an unstable surface as it may fall and break or cause damage to people or pets.
- b. Disconnect the unit from the mains before cleaning it. Do not use cleaning liquids or sprays. Use only a soft, damp cloth.
